ABOUT GREATER LONGVIEW UNITED WAY

For over 75 years, Greater Longview United Way has served Gregg County and the surrounding area by bringing people and resources together to create lasting community impact. Our work is rooted in the belief that when individuals, organizations, and businesses unite around shared goals, our community grows stronger.

Rather than operating as a direct service provider, Greater Longview United Way acts as a community connector. Through our annual grant process, we currently provide funding for 29 programs operated by 17 local nonprofit partners. These programs focus on youth opportunities, financial stability, healthy communities, and community resiliency, addressing critical needs such as early childhood education, literacy, food security, housing stability, health access, and crisis support.

In addition to grantmaking, Greater Longview United Way leads and supports several community initiatives designed to strengthen local systems and expand access to essential resources. Read to Succeed promotes early literacy and school readiness for young children. Dolly Parton's Imagination Library provides free, high-quality books each month to children from birth to age five. INFOline of Gregg County connects individuals and families to local services and assistance. Mission United supports veterans and their families by helping them navigate available resources and benefits. Together, these initiatives reflect a commitment to both meeting immediate needs and supporting long-term stability for our community.

Events like Mahjong & Mimosas reflect Greater Longview United Way's commitment to creating welcoming opportunities for people to connect while supporting meaningful local impact. By blending social connection with philanthropy, we strengthen relationships, raise vital funds, and continue working toward a healthier, more resilient community because United is the Way.

WHAT IS MAHJONG?

Mahjong is a tile-based strategy game that originated in China and has evolved into several variations around the world. The version played at our event, American Mahjong, uses a unique set of rules, colorful tiles, and a yearly National

Mah Jongg League (NMJL) card to guide play. It combines strategy, skill, and a touch of luck as players collect sets of tiles to form winning hands. Beyond the game itself, Mahjong is known for bringing people together, encouraging conversation, laughter, and lasting friendships.

ABOUT OUR PARTNER

Mahj in the Pines began when two friends in East Texas decided to turn their love of Mahjong into a way to connect with others. What started as casual games over bubbly and laughter grew into a vibrant community where people come to learn, play, and relax.

Their mission is to make Mahjong approachable for everyone, especially beginners, and to create a joyful, welcoming space to gather and play. Mahj in the Pines hosts Mahjong 101 lessons, seasonal leagues, and social events filled with fun, snacks, and good company. They've hosted multiple community events, including monthly games at Oil Horse Brewing Company.
